

8" HH JOINTER

This 8" jointer boasts a full 2HP motor and a helical style cutterhead. The indexable carbide inserts make blade changes easier than ever before and provide unmatched surface finish; and a much quieter cut. Extra long cast iron beds allow for more accurate flat edges and faces on your material. The paddle style power switch can be mounted either below or above the infeed table.

Helical head with indexable carbide inserts makes better finish cuts in material.

8" JOINTER WITH HELICAL HEAD

- Helical cutterhead with indexable carbide inserts for a superior finish and quieter cut.
- Heavy-duty cast iron infeed and outfeed tables with precision machined finish
- Two-way tilting fence with positive stops at 45° and 90° to handle bevel operations
- Large, heavy-duty table adjustment handwheel has a locking knob for quick, easy and secure table height corrections
- Built-in dust chute with 4" port connects to your collection system for efficient dust/chip disposal
- Center fence controls are conveniently mounted to allow quick adjustments
- Powerful 2HP motor easily handles the toughest jointing tasks
- Paddle style on/off switch can be mounted above or below infeed table depending on users preference

Helical head with indexable carbide inserts makes better finish cuts in material.

| STOCK NUMBER | 708468K |
|---------------------------------------|--------------------|
| Model Number | JJ-8HH |
| Net Weight (lbs.): | 398 |
| Cutting Capacity (W x D/in.): | 8 x 1/2 |
| Cutterhead Speed (RPM): | 5700 |
| Number of Knives (Helical/Standard): | 36 carbide inserts |
